AXIOPRAX FIXES · D10 · INVENTORY & REORDERS

Pre-sale oversell checklist

Check these four settings before any sale goes live.

- ☐ **Open every variant in the bulk editor**
  Products > Inventory > select all > Edit variants
- ☐ **Add columns: Track quantity, Continue selling when out of stock**
  Bulk editor > Columns
- ☐ **Track quantity on for every physical product**
  Bulk editor
- ☐ **Continue selling off, except deliberate pre-orders**
  Bulk editor > Save > Save changes
- ☐ **Stock sits at locations that fulfill online orders**
  Settings > Locations > Use inventory at this location to fulfill online orders
- ☐ **Every bundle component tracked and not set to continue selling**
  Each bundle's component products
- ☐ **Test: 1 in stock, buy it, try to buy again**
  The second checkout should be blocked

Sale day reminders

- POS staff can still sell past zero. Brief them.
- Marketplace and other channel counts need their own sync.
- Recount your fastest sellers the day before.
- Re-check the bulk editor after any product import.
